

# THE 7 DEADLY SINS

## of Month-End Close

### 1. MANUAL RECONCILIATIONS

Error-prone, time-consuming, and risky by design.

### 2. SPREADSHEET SPRAWL

Endless tabs, hidden formulas, and zero transparency.

### 3. CHASING APPROVALS

Bottlenecks that turn sign-offs into slow-offs.

### 4. VERSION CONTROL CHAOS

Too many files, not enough certainty.

### 5. LATE ADJUSTMENTS

Corrections that derail accuracy and delay deadlines.

### 6. SILOED SYSTEMS

Data trapped, insights lost.

### 7. LAST-MINUTE SURPRISES

Errors surface last minute – threatening accuracy and trust.

Don't let these 7 sins derail your close. Automate reconciliations to cut risk, speed up approvals, and get total confidence in your numbers. It's time to close faster, smarter, and stress-free.
